ABOUT US

Ulu HI-Tech is a DevSecOps company with a heart to serve our country and the people of Hawai'i. Our leadership team has 40+ years of experience as a commercial and government contractor in IT operations and management, with a deep understanding and respect of Pacific Island cultures. This combination lets us seamlessly work with continental and local teaming partners, creating agile, adaptable solutions that put people first.

WHAT WE DO

We specialize in **DevSecOps**, which is the practice of integrating operations and security at every stage of software development. This allows us to create a truly agile development pipeline that sets our clients up for long term success.

We eliminate operational "surprises" that cause delays. We identify and address security risks ahead of time. We deploy valuable software quickly and often.

OUR SERVICES

Software development:
- Full stack developers (Java/C#/node.js/GO)
- ETL developers
- ESB, MQ & Fuse middleware

Cybersecurity:
- Vulnerability & patch mgmt. evaluation & remediation
- Controls/tools evaluation & remediation
- SIEM SMEs (Splunk, Helix, ArcSight, etc.)
- Threat assessment & penetration testing
- Offsite 24/7/365 SOC mgmt.
- Virtual CISO consulting

Cloud strategy & implementation:
- Cloud strategy review & development (IaaS, SaaS & PaaS) – Azure & AWS
- Hybrid/total cloud execution, assistance & support
- Managed Services guidance, migration & implementation

Program/project & QA/test management:
- Experienced program, project & test managers
- Portfolio management guidance & implementation
- Seasoned QA engineers

IT management & strategy:
- Enterprise architecture
- Business architecture
- Governance program development
- Investment planning processes
- Business requirements gathering
- IT governance & risk virtual CISO consulting

System engineering:
- Improve operational efficiency (Define, Measure, Analyze)
- Real-time & historical network event analysis
- Data center strategy & planning
- Virtual Desktop Infrastructure (VDI) implementation

OUR LEADERSHIP

Hali'a Hester
President & CEO

Hali'a provides contract negotiation oversight and management of business development, client accounts, sales, and recruitment, with 10+ years of recruitment and HR experience.

Gregory Hester
CTO & Principal Consultant

Gregory, a CMMC-AB Registered Practitioner (RP), is a former health insurance & banking executive providing technical leadership, team mentoring, and customer consultation, with 25+ years of IT leadership and implementation experience.

OUR IMPACT

Ulu HI-Tech's **mission** is to empower our community by delivering results-driven solutions through our cutting-edge enterprise technology.

Our **vision** is to grow Hawai'i into a global center for technology, increase Hawai'i's talent retention rate, and spread prosperity through education and career opportunities.

Through **Ke Kumu Ulu**, our parent company and a Native Hawaiian Organization (NHO) non-profit, we are providing children in Hawai'i with robotics kits, computer lab equipment, and more to nurture the next generation of coders, developers, and technology innovators.
