Foxhole Technology – SDVOSB

- CIO-SP3 – HHSN316201800013W
- DISA DBC SDSS BPA – HC1028-17-A-0010
- FAA eFast – DTFAWA10A-00111
- GSA HACS
- GSA PSS – GS-00F-035GA
- GSA Schedule 70 – GS-35F-0569V
- Navy Seaport-NxG – N00178-21-R-7000
- PBGC – 16PBGC-18-A-0007
- VETS2 – 247QTCH-18-D-0020

Cintoot – SBA 8(a) Certified, HUBZone, WOSB

- GSA 8(a) Stars III - 47QTCB22D0443

ABOUT US

Ulu HI-Tech is an Agile DevSecOps company with a heart to serve our country and the people of Hawai'i. Our leadership team has 40+ years of experience as a commercial and government contractor in IT operations and management, with a deep understanding and respect of Pacific Island cultures. This combination lets us seamlessly work with continental and local teaming partners, creating agile, adaptable solutions that put people first.

WHAT WE DO

We specialize in **Agile DevSecOps**, which is the practice of integrating operations and security at every stage of software development. This allows us to create a truly agile development pipeline that sets our clients up for long term success.

We eliminate operational “surprises” that cause delays. We identify and address security risks ahead of time. We deploy valuable software quickly and often.

OUR SERVICES

Agile software development:

- Full stack devs (Java/C#/node.js/GO)
- Data analytics / Power BI devs
- Docker / Kubernetes developers
- API & middleware developers

Cybersecurity:

- Vulnerability & patch mgmt. evaluation & remediation
- Controls/tools evaluation & remediation
- SIEM SMEs (Splunk, Helix, ArcSight, etc.)
- Threat assessment & penetration testing
- Offsite 24/7/365 SOC mgmt.
- Virtual CISO consulting

Cloud strategy & implementation:

- Cloud strategy review & development (IaaS, SaaS & PaaS) – Azure & AWS
- Hybrid/total cloud execution, assistance & support
- Managed Services guidance, migration & implementation

Program/project & QA/test management:

- Experienced program, project & test managers
- Portfolio management guidance & implementation
- Seasoned QA engineers

IT management & strategy:

- Enterprise architecture
- Business architecture
- Governance program development
- Investment planning processes
- Business requirements gathering
- IT governance & risk virtual CISO consulting

System engineering:

- Improve operational efficiency (Define, Measure, Analyze)
- Real-time & historical network event analysis
- Data center strategy & planning
- Virtual Desktop Infrastructure (VDI) implementation

OUR PAST PERFORMANCE

Agile DevSecOps Projects

Contract: Website Refresh & SSO Broker Portal - Prime
Client: Pacific Guardian Life
Develop easily navigable customer site and single-sign-on broker portal with MFA using WordPress and Azure B2C.

Contract: Healthy by Default Certification Website - Prime
Client: State of Hawai'i, Dept. of Health

OUR LEADERSHIP

Gregory Hester
Chief Executive Officer

Gregory, a CMMC-AB Registered Practitioner (RP), is a former health insurance & banking executive providing technical leadership, team mentoring, and customer consultation, with 25+ years of IT leadership and implementation experience.

Joe Ruiz
*Vice President,
Business Development*

Joe, a distinguished Army veteran and an expert in crisis, contingency, and continuity communications, is a seasoned federal contractor with 30+ years of national communication infrastructure and network security experience.

OUR IMPACT

Ulu HI-Tech's **mission** is to empower our community by delivering results-driven solutions through our cutting-edge enterprise technology.

Our **vision** is to grow Hawai'i into a global center for technology, increase Hawai'i's talent retention rate, and spread prosperity through education and career opportunities.

Through **Ke Kumu Ulu**, our parent company and a Native Hawaiian Organization (NHO) non-profit, we are providing children in Hawai'i with robotics kits, computer lab equipment, and more to nurture the next generation of coders, developers, and technology innovators.
